Re: Chappaqua Crossing

Dear Supervisor Wells and Members of the Town Board:

As requested, we enclose herewith copies of applicant's proposed Scoping Document for the Chappaqua Crossing project. Copies of this document have previously been delivered to the Board's environmental consultant, Frederick P. Clark Associates, Inc., and to both Clinton Smith and Robert Davis.

This will also confirm that, at your request, the applicant has agreed to a single 30-day extension of the 60-day period for adoption of a final Scoping Document for this proposed action.

Sincerely,

Stephen L. Kass
